Orth Kluth wins Juve-Award as "Law Firm of the Year for Construction Law"

Orth Kluth – Specialists with an eye for the big picture

Orth Kluth is an independent full-service law firm with offices in Düsseldorf and Berlin

At Orth Kluth, we see ourselves as a team of specialists with an eye for the big picture. Our lawyers are highly experienced in a variety of legal fields and industries. In addition, they are able to consolidate their respective expertise into a bespoke solution for the particular assignments.

International corporations but also a large number of small and mid-cap companies from Germany and abroad put their trust in us as strategic legal advisors, creative contract drafters, transaction lawyers, conflict resolvers, arbitrators or legal house keepers. We provide our clients with everything they should expect from comprehensive, high-quality legal consulting. We approach time constraints with efficiency and organisational strength and complexity with practical applicability and creativity.

20 years old – still dynamic

Founded more than two decades ago in a small office in Düsseldorf, today we are a nationally established address for all commercial law matters. We have retained the spirit of a young, dynamically growing unit over time. As a start-up at heart, yet experienced and unerring, we have attracted clients and highly qualified lawyers to come and join us.

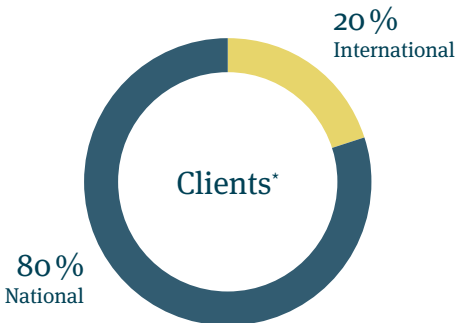

Our range of advice covers all areas of law that are essential in everyday business life. Moreover, we have formed cross-disciplinary teams to offer advice on special topics that require in-depth industry know-how in addition to the relevant legal knowledge.

These include our Audit & Investigations and D&O teams as well as our Energy team, Mobility team and the Real Estate Transaction Expert team.

Internationally networked

With the increasing internationalisation of companies, which entrust us with their most diverse projects from a legal and strategic point of view, we have ever since been providing our consulting services across national borders. For many years we have been working closely with renowned independent law firms abroad, with whom we have a continuously growing track record in addition to a trusting relationship.

In addition to business fluency in English, we offer our clients advice in numerous other correspondence languages, including Bosnian, Chinese, Croatian, Dutch, French, Greek, Italian, Macedonian, Russian, Serbian, Spanish, Turkish, Ukrainian and Vietnamese. China has traditionally been one of our country focal points: Our China Desk supports Chinese investors and companies in their activities in Germany. There is also the French Desk, which works for German companies in France and French companies in Germany.

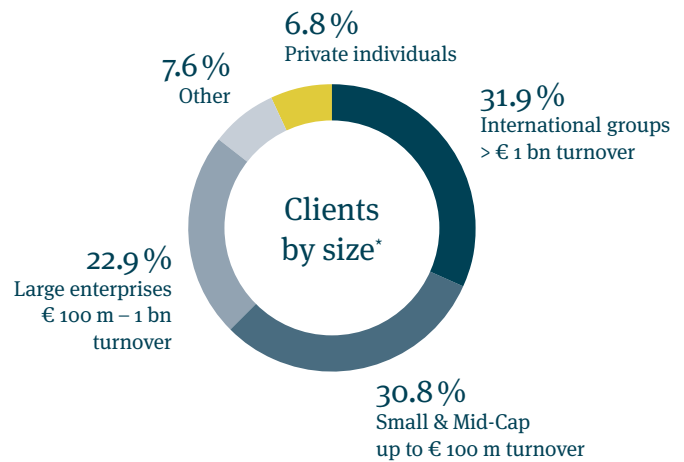

* International clients are those with a domicile abroad or which are part of a group under a foreign holding company.

Partner for companies and entrepreneurs

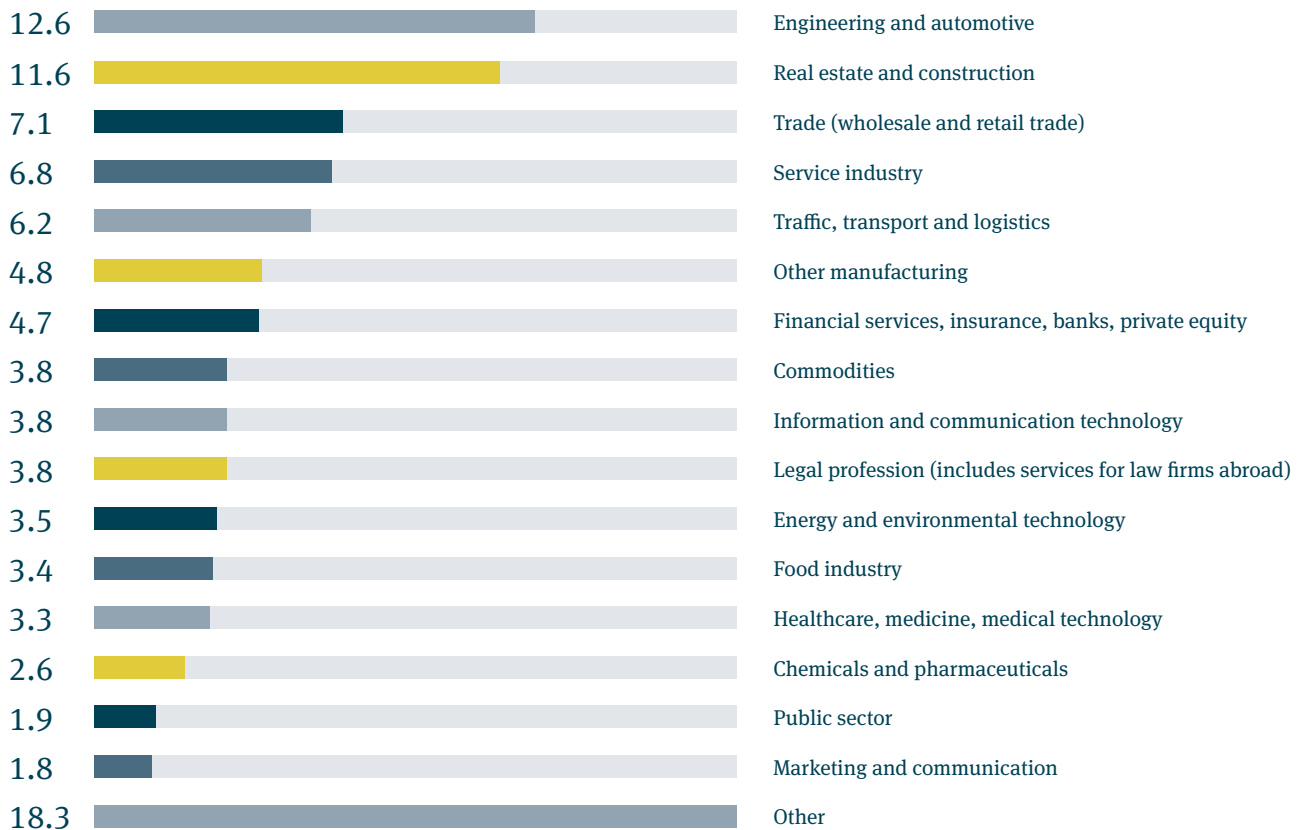

National and international corporations, medium-sized companies, entrepreneurs and managers as well as the public sector at home and abroad have been placing their trust in Orth Kluth for many years and again and again.

Due to our pragmatic approach and high commitment, we have always been regarded as preferred consultant for mid-cap enterprises in a wide range of industries. Today, our clients also include many international corporations and companies listed in leading stock market indices. We regularly advise cities and municipalities as well as public companies, in particular within the transport sector and in energy supply.
